**U.S. ENVIRONMENTAL PROTECTION AGENCY
Requests Comments on the Deletion
of the Lees Lane Landfill Site, Louisville, Kentucky
from the National Priorities List**

The U.S. Environmental Protection Agency (EPA) announces its intent to delete the Lees Lane Landfill Site from the National Priorities List (NPL), Appendix B of the National Oil and Hazardous Substances Contingency Plan and requests comments on this deletion. The EPA has completed cleanup activities at the site and is proposing that it be taken off the NPL. This deletion does not preclude future actions under Superfund.

The EPA, in conjunction with the Commonwealth of Kentucky, has determined that all appropriate response measures have been implemented and that no further cleanup action is required. The EPA has determined that the remedy implemented is protective of public health and the environment.

The public is invited to comment on the proposed decision to delete this site from the NPL. The public comment period will begin on February 10, 1992 and will extend through March 11, 1992. Comments should be addressed to:
